30 JAN 1959

William H. Draper, Jr.
Chairman, The President's Committee
to Study the U. S. Military Assistance Program

Dear General Draper:

In Mr. Lova's letter of 15 December 1958 to the Director of Central Intelligence, your Committee asked for three studies of interest to it. The first of these, on the nature of the Sino-Soviet Bloc threat, was forwarded to you on 14 January.

I am now enclosing the final two studies, which you have asked to have made available by 30 January. The first, in ten copies, is an analysis of the impact of the MAP on the "trend toward military regimes" and upon the creation of a "militaristic image" of the U. S. The second, in two copies, consists of some suggestions as to how the MAP might best be presented so as to minimize the likelihood of creating such a militaristic image.

I believe that this completes the material requested of CIA by your Committee. We of course stand ready to provide any further assistance which you might desire.

Sincerely,

SIGNED

Robert Amory, Jr.
